About Webinar

Scientex Conferences invites global participants to the “**2nd International Webinar on Gynecology, Obstetrics and Infertility**,” set for **May 25-26, 2026 (GMT+8)**. The conference, themed “**Innovative Strategies and Advancement in Gynecology and Obstetrics**,” will explore crucial topics including reproductive endocrinology, maternal-fetal medicine, menopause management, gynecologic oncology, urogynecology, adolescent gynecology, sexual health, and reproductive genetics. Over two days, attendees will hear from distinguished experts through keynote speeches and oral presentations, and view poster sessions highlighting research by both scholars and students. This event aims to address current challenges and advancements in the field, offering opportunities for knowledge exchange, professional development, and networking. Join us to gain insights into the latest innovations, engage in discussions shaping the future of women’s healthcare, and connect with leading professionals. Don’t miss this chance to contribute to the evolving landscape of gynecology and obstetrics. [\(click here for more\)](#)

2nd International Webinar on Gynecology, Obstetrics and Infertility

May 25-26, 2026 | GMT+8

WEBINAR PRESENTATIONS

Title: Knowledge, attitudes and practice of medical students regarding immunization and national maternal and child health program in India

Lily Singh, Dr. Ram Manohar Lohia Institute of Medical Sciences, India

Title: In vitro fertilization outcomes comparing different stimulation protocols in patients with low ovarian reserve

Title: Polyomavirus in an immunocompetent 6-year-old girl

Luis Palaoro, Jose de San Martin Clinical Hospital, Argentina

Title: The comparison of health education through telehealth (WhatsApp) and booklet on HIV/AIDS prevention behavior in prospective brides based on the health belief model

Wulan Novika Ambarsari, Budi Luhur Institute of Health Sciences, Indonesia

Title: PIEZO-ICSI vs conventional ICSI: Preliminary results

Karla Andrea Perez Ruvalcaba, Mexican Infertility Institute, Mexico

Title: The significance of Ki67 and p16 markers in determining the tactics and histological grade of cervical dysplasia in the practice of an obstetrician-gynecologist

Maksim Mashurov, Tver State Medical University, Russian Federation

Title: Angiostrongylus spp. in South America: A Scoping review

Michael Escarlet Ruiz-Lopez, University of Antioquia, Colombia

Title: Chronology of gene editing in human embryos: From CRISPR-Cas9 technology to new improved strategies

Ana Carbajo Una, Rey Juan Carlos University Hospital, Spain

Title: Evaluation of genotoxicity in infertile patients- A pilot study

Adithya R Pillai, Believers Church Medical College Hospital, India

Title: Syphilis in pregnancy and suitability of treatment: Analysis of patients seen at a maternity hospital

Karoline Bunn Borba, Federal University of Santa Catarina, Brazil

Title: Exploring awareness and utilization of Janani Suraksha Yojana among women: A community-level study in Prayagraj district

Ritu K Sureka; Sneha Srivastava, University of Allahabad, India

Title: Partial hydatidiform mole pregnancy with viable euploid 46XY fetus post-IVF. A case report

Braulio Cesar Zapien Terrones, Mexican Social Security Institute, Mexico

Title: Clinical approach to anemia in pregnancy

Andres Garcia Zambrano, University of La Sabana, Colombia

Title: Identification of the occurrence of chlamydia trachomatis in pregnant women treated at the Iguassu/ Mariana bulhões school maternity hospital, Nova Iguaçu. A contribution to diagnosis and treatment

Nilson Gomes, Iguaçu University, Brazil

Title: Management strategies for Carpal Tunnel Syndrome: A literature review

Yohanna Christiani Sihalo, University of Lampung, Indonesia

Title: Technical difficulties and specificities in uterine tamponade with balloons

Camila Reskalla, Universidade Federal de Minas Gerais, Brazil

Title: Effectiveness of health education program about lifestyle modification on improving mild preeclampsia

Sally Ebrahim Rashad Ali, Manzala Central Hospital, KSA

Title: The effectiveness of ginger and mint leaves in overcoming emesis gravidarum in pregnant women in the first trimester

Ervin Hariyani, Muhammadiyah University of Gresik, Indonesia

Title: Comparative effectiveness, safety, and cost effectiveness of labour induction methods: A systematic review

Shahinaz A E Mohamed, Royal Surrey County Hospital, United Kingdom

Title: Lymphangioma of the clitoris in an 18-year-old female patient: A case report

Olga V Tarabanova, Solnechnaya Clinic, Russian Federation

Title: Can the bone dimensions of the pelvis be related to the genesis of pelvic organ prolapses? A systematic review of observational studies for risk assessment and prognosis

Magda Patricia Furlanetto, University of Vale do Rio dos Sinos, Brazil

Title: Diagnostic utility of routine chest radiography in the evaluation of febrile neutropenia in children with cancer

Toshiba Rahman, Dhaka Medical College Hospital, Bangladesh

Title: Ovotesticular disorder of sex development: Bilateral ovotestes (clinical case)

Natalia E Levchenko, The First Sechenov Moscow State Medical University, Russian Federation

Title: Risk factors associated with the development of HELLP Syndrome in pregnant women treated at the National Maternal Perinatal Institute, Lima-Peru, 2018-2021

Sofia Rojas Vargas, San Juan Bautista Private University, Peru

Title: Integrative genomics identifies progesterone receptor signaling as protective against female infertility via immune modulation: A mendelian randomization study

Aamir Mahmood, The First Affiliated Hospital of Zhengzhou University, China

Title: Erectile Dysfunction in Primary Care: Protocol

Francisco Matias, Bom Jesus Health Center, Portugal

Title: Intestinocystoplasty in tuberculosis of the urinary bladder

Oleg N Zuban, The Moscow Research and Clinical Center for Tuberculosis Control of the Moscow Government, Russian Federation

Title: Long-term results of treatment of children with persistent cloaca

Aleksei E Minin, Moscow Central Clinical Hospital, Russian Federation

Title: Literature review: Effectiveness of calcium supplementation on the incidence of preeclampsia

Dilma Suzete Bento Alves Pereira, Aisyiyah University Yogyakarta, Timor-Leste

Title: Case report: Uterine arteriovenous malformation

Roy Arnold Saldana Vargas, Lambayeque Regional Hospital, Peru

Title: Noninvasive methods for preimplantation blastocyst quality assessment in in vitro fertilization programs

Daria D Abasheva, I.M. Sechenov First Moscow State Medical University, Russian Federation

Title: Medical treatment prior to micro-TESE

Sujoy Dasgupta, Genome Fertility Centre, India

Title: Analyses of women's knowledge related to vulvovaginitis and gynecological health

Vitoria Dresch Xavier, Univates, Brazil
